

Investigation and Research

WALT: Research sarcophagi.

- WILF: What are sarcophagi used for?
- WILF: What materials are they made with?

<u>Top</u>	<u>Top</u>	<u>Top</u>
<u>Side</u>	<u>Side</u>	<u>Side</u>

- ✂ Use the internet and any books you might have to research and 3 different sarcophagi.
- ✂ Once you have found 3 different sarcophagi, you need to draw them in the table above.
- ✂ Each sarcophagus needs to be drawn from 2 **different** angles (top and side view).
- ✂ For each sarcophagus you need to label any design features – 3-D effects, attachments, design, colours, etc.

WALT: Investigate the purpose and design of sarcophagi.

- ✂ WILF: To know that products are designed for different purposes.
- ✂ WILF: To know that the products purpose affects the materials used.

Use the internet and any books you might have to, answer the following questions:

- ✂ Which materials are used to make the sarcophagi you have seen?
- ✂ What were sarcophagi used for?
- ✂ What special designs can you see?
- ✂ List features that you think are essential to all sarcophagi:
- ✂ Which design features from the sarcophagi might you want to use in your own design?
- ✂ Why have you chosen this feature?
